1980 HIGHLIGHTS

WASHINGTON COUNTY LIBRARY

Sometime in September, the Washington County Library will open a new million dollar facility almost ten times larger than its present building. The new library will house more than double the books the present library now contains. In addition to an enlarged book and periodical collection, the new library will also have a public auditorium, darkroom, typewriters, drive-up book drop, listening and viewing rooms, conference rooms, media production area, and a local history room. The new building will be the hub of library activities in Washington County, offering expanded library services to all residents of the County. The 16,576 square foot facility will cost $1,032,000.

SALT LAKE COUNTY LIBRARY SYSTEM

Best sellers, telephone reference, the Public Access Catalog and increased productivity were among the accomplishments that highlighted 1980 in the Salt Lake County. In 1980, a Best Seller service was begun at the Whitmore Library. Multiple copies of best selling titles, fiction and nonfiction, hardbound and paperback, are displayed in a special "book store" cabinet. This service has proven extremely popular and will be extended to the branch libraries in the future. To provide the public with information from telephone directories quickly and efficiently, a telephone reference department was formed. Microfiche directories from cities with populations over 10,000 were acquired. In addition to providing information from the directories, the telephone reference staff also answers over the telephone, questions that require three minutes or less research time.

The Public Access Catalog was acquired in 1980. The catalog provides current and complete bibliographic information on the system's entire collection. The public can easily operate the catalog by simply touching a heat sensitive screen.

SALT LAKE PUBLIC LIBRARY

This year, the Salt Lake City Public Library is making a concerted effort towards gaining bibliographic control. This goal was listed on the long range goal document recently completed by the Board of Directors.

Bibliographic control at the City Library has included concentrating staff time on updating both the card catalog and the computer data base to accurately reflect current library holdings. The entire project should be near completion in about one year. All City Library branches are directly tied to the Main Library so the bibliographic control will be system-wide.

PARK CITY LIBRARY

The Park City Library Board plans to have a library in the renovated historic Miner's Hosptial within a year. Wallace Cooper, a Salt Lake architect, well known for historic preservation, has been hired to do the plans. David Krajiski of Park City's Design Coalition, will do the interior. City Council is presently considering a bond issue; $500,000 will be spent on restoration and materials. Unique features will include on-line information, retrieval systems through BCR and, in conjunction with the Park City Historical Society, an emphasis on collecting, organizing and preserving local history.

EMERY COUNTY LIBRARY

Five new brick buildings are now under construction throughout Emery County. These new libraries are essential to meet the rapid population expansion that the County is now experiencing. With the planned additional space in these new buildings, new public programs are planned on a weekly or monthly basis. The buildings are located in the following communities: Orangeville, Ferron, Emery, Green River, and Castle Dale, Utah. Each of these buildings will have 2,400 square feet of floor space. The exception is the 400 extra square feet added to Castle Dale. This extra footage will house the County Library Office.

I. INSTITUTIONAL LIBRARY SERVICE (L.S.C.A. TITLE I)

During the Fiscal Year 1979-1980, Title I funds provided the following for our state's institutions.

State Prison	Purchased books, equipment and magazines.
State Training School	Purchased AV equipment, books and materials.
State Hospital	Purchased books, magazines, supplies, AV materials and equipment.
State Industrial School	Purchased books, and paid librarian's salary for part of year.
State Schools for Deaf and Blind	Paid salary of part-time library assistant.

II. SPECIAL SERVICES DIVISION

Services to the Blind and Physically Handicapped (L.S.C.A., Title I).

During the fiscal year, 1980, Title I and State Funds were used to extend library services to the blind and physically handicapped people in Utah. Wyoming contracted with the State Library for total library service to the blind and physically handicapped people. The states of Idaho, New Mexico, Nevada, Colorado, Montana, North and South Dakota, Alaska, Nebraska contracted with the State Library for braille services only.

The Utah State Library for the Blind and Physically Handicapped is the Multi-State Center serving 16 western states. As such, Utah is a back-up in service and collection to the Regional Libraries for the Blind and Physically Handicapped in the West.

During fiscal 1980, the State Library circulated books to the blind and physically handicapped in five different formats, i.e.: braille books, talking books, books on tape, large print books, and cassette books. In addition to these services the library has provided a Radio Reading Service for its patrons, with the service the four state-wide newspapers are broadcast to patrons daily.

SUMMARY AND EVALUATION

The Audio Visual Program added 96 16mm films to the public library collection along with 35 cassette stories and 25 filmstrips with cassettes. The Utah Travel Council added one title to the general collection and the High School Activities Association withdrew two of their films during the fiscal year. Total attendance at public film programs also increased 10.4%. The use of the general collection by schools and individuals increased approximately 215% and attendance increased 181.9%. The film dpeartment agreed to clean and repair 50 films for the Alcoholism and Drugs Division. Service expanded to include three additional public libraries and one state agency. The Film Librarian position was vacant for some months during the fiscal year. Due to the resultant backlog and necessary training for the new librarian, the objective of producing a new film catalog was not met.
